SRMS College of Engineering and Technology , Bareilly B.tech in Information Technology.	October 2022- Till date
Bharat Inter College Bhojipura (BLY), Class-12th(UP BOARD).	April 2022
Bharat Inter College Bhojipura (BLY) Class-10th(UP BOARD).	April 2020

PROFESSIONAL SUMMARY

Full-stack developer with a backend focus, skilled in designing scalable REST APIs, real-time applications, and robust backend systems. Proficient in the MERN stack, TypeScript, and tools like WebSocket.io, JWT, and MongoDB. Adept at solving complex problems, learning quickly, and delivering production-ready features in Agile, team-driven environments.

PROJECTS

Web-Based Property Rental and Booking System (MERN Stack) Live

- Developed a full-stack travel booking system with listings, bookings, reviews, and trip management features
- Implemented secure authentication, role-based access, and backend validation using Passport.js, cookies, and Joi
- Designed a responsive UI with EJS and Bootstrap, including filters, booking history, and review management..

Full- Stack-Stock-Trading-Platorm(MERN Stack) Live

- Built a secure authentication system with JWT and hashed passwords for user signup/login.
- Developed a dashboard for holdings, positions, orders, and watchlist, with interactive charts and real-time updates
- Implemented order placement and fund , allowing users to buy/sell stocks and track transactions seamlessly.

NextGen Professional Networking Platform Live

- CDesigned a full-stack social networking application with JWT-based authentication and role-based access.
- Enabled interactive user profiles, connections, and content feed with real-time updates using Redux Toolkit
- Developed a modern, responsive interface using Next.js and React for seamless professional networking

---

EXPERIENCE

Academor – Full Stack Developer Intern Link   1/8/24 - 10/2/24

- Developed a React.js weather app and a full-stack trading platform
- Gained hands-on experience in modern web development and deployment

Pregrad-Campus Ambassador Intern Link   3/3/24 - 4/4/24

- Promoted Pregrad's programs and services on online platforms and through campus outreach.
- Engaged with student communities to increase program participation and engagement

---
